Aluminium Telescopic Levelling Staffs with E-graduation

Aluminium Telescopic Levelling Staffs

To meet differing quality demands Nedo offers two series of telescopic levelling staffs.

QualiLine Telescopic Levelling Staffs

For maximum quality and accuracy, Nedo **QualiLine telescopic levelling** staffs are made of high-quality white powder-coated aluminium tubes. The rugged locking mechanism ensures that the telescopic sections lock securely into position. The levelling graduation on the front side is protected by standoff ribs. Nedo **QualiLine telescopic levelling staffs** are available with adjustable circular bubbles and graduation 1 and graduation 2 on the rear.

Nedo **QualiLine telescopic levelling** correspond to the norm DIN 18703.

StandardLine Telescopic Levelling Staffs

Reliable quality at an attractive price. Nedo **StandardLine telescopic levelling staffs** are made of anodised aluminium section tubes to withstand extreme demands on the construction site. A reliable locking mechanism ensures that the telescopic sections lock securely into position. **StandardLine staffs** are available with graduation 1 and 2 on the rear. The staffs are supplied with a carrying bag and clip-on bubble.
